6) The scheme was sanctioned in January 1915 and the progress for the 12 months ending Dec. 1915 is as shown below:—

	Amount allotted	Amount spent
1914-15	Rs 86,000	8,126.
1915-16	193,500	17,404
	Rs 279,500	Rs. 25,530

Obtained from Comptroller's office from accts. Not received.

7) These figures speak for themselves. The poor progress has, to some extent, to be attributed to "want of earnestness" on the part of the District & Taluk authorities to utilize to the fullest extent the special grants so generously offered by Govt. in the interests of the rural population.

This is not so in all cases: Rock is met with in many cases & sometimes water is not easily tapped. 15/4/16

The question of expediting the execution of works under the Scheme is separately under consideration.

9) Under the G.O. of 26-7-1915, a sum of 2 lakhs has to be distributed among the 8 Dts for their Rural Water Supply funds. This sum of 2 lakhs is made up of a State grant of 1 lakh, an allotment of ½ lakh from the State Grant for Village Imp: Funds, and by levying contributions from Dt Bds ~~[illegible]~~ to the extent of ½ lakh. Ten Dt Boards have come forward with an aggregate offer of Rs 6,000 ~~offer~~ for 1916-17 ~~and therefor~~ but Govt require only Rs 5,000. The offers are proposed to be waived partly ~~to be waived~~ to the extent of Rs 1,000 and the distribution of the 2 lakhs of grants is proposed to be made as follows:

Dt & Taluk.	Grant to Water Supply Fund	D.B. Contn payable	Net grant.
Bangalore	25,000	7,000	18,000
Kolar	25,000	5,000	20,000

(N.B. It is unnecessary to allot the grants under 3 heads "from State funds, from V.P. grant & from D.B. Contn" as the D.B. Contn are to be transferred to the Rural Water Supply Fund & will be expended with the Rs. 5 lakhs which will be allotted by the Comptr.)

Order No. 184-95-B12-15-43

Dated Bangalore the 8-7-1916.

Government consider that it would be sufficient to distribute the special grant of two lakhs of rupees for 1916-17 under the two heads " District Fund " and State Funds " instead of under the three heads mentioned in the order of the 26th July 1915 as the contribution from the State grant and the Village Improvement allotment are both debitable to the -- State Fund and no useful purpose would be served by showing the grants from the -- State Funds under two heads, one from the direct and another indirectly through the grant for the Village Improvement .

2. The State grant of Rs.2 lakhs for the year 1916-17 for Village Improvements will accordingly be reduced to Rs.1,50,000 and that for the Rural Water Supply Scheme correspondingly increased from Rs.1 lakh to Rs.1,50,000 both together with the Dt. Fund grant of 50,000 makes up the Sanctd grant of 2 lakhs

3. In regard to the allotment of -- funds available for Rural Wells, Government are pleased to direct that excepting a sum of Rs.8,000 which will be reserved for distribution later on, the remaining -- amount of Rs. 192,000 out of the ~~grant~~ allotment for the year 1916-17 be distributed among the several Districts as shown below :-

Total	50,000	142,000	192,000

No contribution will be demanded for the year 1916-17 from the Kadur District Board on account of the straitened finances of that body.

4. The Comptroller is requested to issue necessary instructions in modification of his circular of the 1st October 1915 so that each District Board may transfer its contribution to its own Drinking Water Wells Fund and obtain credit from the Local Treasury for the net grant from the State Funds.

5. The term of the temporary establishment for the execution of the works sanctioned in the Government Order of the 21st May 1915 having expired with the 30th June 1916 and the inauguration of measures for ensuing better progress being absolutely necessary, Government are pleased to direct that a set of

set of ordinary boring tools be -- purchased for every District and that an overseer on a pay not exceeding Rs.60 per mensem and 3 or 4 Maistries for every District be employed on a temporary footing during the current year for the execution of the works under the Rural Water Supply Scheme. No. 184-95—L. B. 12-15-43, DATED 8TH JULY 1916.

No contribution will be demanded for the year 1916-17 from the Kadur District Board on account of the straitened finances of that body.

4. The Comptroller is requested to issue necessary instructions in modification of his circular of the 1st October 1915 so that each District Board may transfer its contribution to its own Drinking Water Wells Fund and obtain credit from the Local Treasury for the net grant from the State Funds.
